

Vigilant Management

Municipal Symposium

April 30th, 2015

Who am I?

- My name is Ashley Smith. I'm a Newfoundlander By Choice!
- This is the view from my house:

Who are we?

- Vigilant Management is dedicated to eliminating inefficiencies in the construction industry

What do we do?

- Our main services include:
 - Owners Project Management
 - Tender Document Reviews
 - Strategic Decision Support

What do we do?

- Tender Document Reviews:
 - We conduct a multi-discipline review of your project documentation
 - We identify issues **before** the Tender is released, significantly reducing the risk of Change Orders to the Town

What do we do?

- Strategic Decision Support
 - We assist municipalities to develop what project options are available to them
 - We work with Council and Staff to determine the best steps forward

Why are we different?

- We are a local business, and we love where we work
- We care deeply about making a difference in our Province

What will we do next?

- We are dedicated to making a difference
- We will help your municipality maximize the return on your project investments

What can we do for you?

- Do you have an upcoming project?
Do you have a project in progress?
- We want to hear about it! Come find us at our booth, we'd love to chat with you! (We have snacks!)
